MEMO

Date: August 8, 2011

To: Commissioners Court

From: Tracy R. Homfeld, P.E., CFM; Assistant Director of Engineering

Subject: Interlocal Agreement between Collin County and the City of Plano concerning the construction of Communications Parkway from Spring Creek Parkway to Tennyson Parkway - 2007 Bond Project #07-062. County participation NTE \$2,100,000

We request Commissioners Court consider approval of the above subject Interlocal Agreement with the City of Plano concerning the construction of Communications Parkway from Spring Creek Parkway to Tennyson Parkway - 2007 Bond Project #07-062. See attached location Map.

The City shall arrange to construct Communications Parkway from Spring Creek Parkway to Tennyson Parkway. The Project will construct a new section of Communications Parkway as a six-lane divided thoroughfare a total distance of approximately 2,060 feet and widen a 320 foot section of Communications from a four lane road to a six lane road. The Project shall also include construction of underground storm sewers as part of the road improvements.

The City of Plano will be holding a pre-construction meeting on August 15, 2011. The Construction completion date is anticipated to be June 2012. The total project cost is estimated to be \$4,200,000 therefore Collin County's 50% participation in the Engineering and Construction will not exceed \$2,100,000.

The current bond funds for the Communications project will not cover the needed funds so the city has asked that we re-allocate \$850,000 from the 2003 Bond Project #03-053, Shiloh Rd from 14th St to Park Blvd. This project is currently on hold. The funding will be as follows:

#07-062 - Communications Parkway Bonds approved and sold in 2009 - \$1,250,000
#03-053 - Shiloh Rd Bonds approved - \$850,000
TOTAL = \$2,100,000

We request Commissioners' Court consider approval of the above mentioned Interlocal Agreement and authorize Judge Keith Self to sign the ILA.

Furthermore, we request approval to reallocate funds in the amount of \$850,000 from the 2003 Bond project #03-053 to the 2007 Bond Project #07-062.
